Fuel Surcharge Increase Notification

To Our Valued Customers,

Effective **OCTOBER 12, 2007**, Asiana Airlines Cargo will implement an increase in the fuel surcharge from USD \$ 0.60/kg to **USD 0.65/kg (CAD 0.65/Kg)** on all air cargo shipments originating from IATA AREA 1 due to the steady increase of jet fuel costs.

Guidelines for AWB Issuance for shipments departing on and after OCTOBER 12, 2007

- Fuel surcharge (USD 0.65/Kg, CAD 0.65/Kg) will be applied to all shipments originating in North and South America.
- It is based on chargeable weight and non-commissionable. In case of CCA, the difference will be applied accordingly.
- **This adjustment is applicable to all shipment including Minimum charge shipment.**
- Fuel Surcharge code "MY" and the applicable amount must be shown on the AWB under Other Charge & Due Carrier Sections.

We will continue to monitor jet fuel prices and adjust as warranted. Thank you very much for your understanding and support of Asiana Airlines Cargo.

Very Truly Yours,

D. C. KIM
